To whom it may concern

Data Friendly Space (DFS) is a 501(c)(3) global non-profit organization with guiding principles to improve information management and analysis capacity, tools, and processes in the humanitarian and development community to enable better informed and more targeted assistance. Since our first project in 2018, we have continued to increase not only our capacity but also the capacity of our partners to make a lasting impact.

This letter confirms that Heather Banks served as a dedicated UI/UX Intern at DFS for 3 months starting from November 1st, 2023 to January 31st, 2024. Throughout her tenure with us, Heather displayed commendable dedication, creativity, and professionalism in her role.

Heather actively contributed to our website redesign project, bringing fresh perspectives and innovative ideas to the table. Her insights and efforts played a significant role in enhancing the overall user experience of our platform. She exhibited strong teamwork and communication skills, collaborating effectively with cross-functional teams to achieve project objectives. Her proactive approach, coupled with her willingness to learn and adapt, greatly contributed to the success of our initiatives.

We would like to express our appreciation for Heather's valuable contributions during her internship at DFS. We do not doubt that she will continue to excel in her future endeavors, and we wish her the very best in her professional journey.

If you have any further questions or require additional information, please do not hesitate to contact us.

Sincerely,

Shweta Khatri
